Deadline for manuscript
submissions:

12 December 2020

Message from the Guest Editors

The purpose of this Special Issue is to invite academics and researchers to submit proposals for papers that deal with the sustainable management of natural, agricultural, and urban land. Potential topics include, but are not limited to:

- evaluation methods and techniques to support choices in land planning;
- criteria and indicators for sustainability in land planning processes;
- strategies for enhancing the relationship between urban areas and agricultural and/or natural areas;
- innovative models for the environmental remediation of compromised areas;
- innovative tools for land planning and management;
- the protection, management, and safeguarding of natural areas;
- strategies for the transformation of degraded urban areas; and
- sustainable agriculture.

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Andrew Millington

College of Science and Engineering, Flinders University, GPO Box 2100, Adelaide, SA 5001, Australia

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars and we aim to publish high quality research and scholarship. By addressing important global issues across the broad sweep of land science, e.g., urbanization, land grabbing and ecosystem services, *Land* promotes an understanding which will lead to solutions that will benefit human well-being and environmental sustainability.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: Indexed in the Social Sciences Citation Index (SSCI - Web of Science) and Scopus.

CiteScore (2018 Scopus data): 2.15, which equals rank 37/140 (Q2) in the category 'Nature and Landscape Conservation' and 90/336 (Q2) in 'Ecology'.
